IN APPRECIATION . . .

To Dr. Diggs —

Ever since our orientation in our freshman year, you, Dr. Diggs, have been behind our class. Your long hours working for our school and our class show great dedication. With concern for each member of the class you carried out each day. You were a large part of all of our class activities. We hope you remember us with a feeling of accomplishment and pride, for that is the way we leave you. Thank you for all your help.

To Mrs. Wakeman —

Starting a new job is always difficult, especially when you have to pick up where someone has left off. Spending our senior year with you, Mrs. Wakeman, was a pleasure. Thank you for your time and effort.

To Mrs. Richard —

For the long hours and dedication to your job, Mrs. Richard, you deserve the utmost credit. Sadly, your retirement prohibited you from working with us during our senior year. We missed you and thank you for the time you spent working with care for our class.

IN APPRECIATION . . .

To Mrs. Savas —

In times of need, you, Mrs. Savas, were always ready to give us advice and help us with any problems we ran into. Thank you for all your help.

To Mrs. Adams —

Mrs. Adams, you have helped the class of 1983 tremendously since our entrance into Framingham South. Throughout all of our fundraisers and activities you have been behind us. Always having your complete support led to success in all areas of our money drives. Much time, effort and dedication is required to be a class advisor and you have proven to be a great success. Your transfer to North High presented a slight problem, but you did not hesitate to return to South after school to help plan for our next event. Without you, several of the class activities would not have taken place. From the class of 1983, thank you.

In Memory . . . A Friend . . . Robert Hoekstra

The joy, the tears,
The pain, the fears.
The reasons we live,
The things we give.

For a day gone by,
A reason to cry.
The love we've had,
The reason to be sad

Laughing through the tears,
Joking through the fears.
And by a lesson shown,
A little, in life, we've grown.

In words we're lost,
Just torn and crossed.
And in our every thought,
This dream will be sought.

And from life we'll never hide,
Even if a tear must be cried.

For Bob we will always remember —

HALLOWEEN PARTY

SENIOR PLAY — "SCROOGE"

TAMMY VERMETTE — FRANCE

My stay abroad, during the summer of 1982, was a rewarding and enriching experience. As an AFS exchange student I stayed in Sainte Thecle Montesquie, a tiny village in the south of France. My new surroundings were very different from what I was used to. I had to learn to fit in with my family's lifestyle, which included feeding the chickens and picking fruit on their two-hundred acre farm. Although I had some problems communicating at first, everyone was very kind to me and accepted me as one of the family. The ten weeks I spent in France were truly unforgettable. Not only did I learn about other people and customs, but also I learned about myself and discovered some strengths that I never knew existed.

KAREN SCAGNELLI — BRAZIL

Seeing a foreign country as an AFS student is an experience that can never be repeated. I saw Brazil with the natives as my guide, always knowing where to go and what to see. Brazil is a magnificent country with both large cities and great expanses of forest land. The Brazilians were extremely open and giving people.

My stay in Brazil not only taught me about another country but also about myself. I was suddenly forced to be more independent than ever before. It was a scary feeling at first, but as my confidence grew, each day of my stay became more worthwhile.

I discovered the Brazilians know much more about the United States than any of us know about Brazil. Brazil is a country with great cities, beautiful beaches, and some of the warmest people in the world, a great place to visit.

HELEN DEGREEF — NETHERLANDS

My name is Helen Degreef. I am an AFS exchange student from The Netherlands. The main reason I applied to come to the USA was because I wanted to learn to speak English. Through AFS I came in contact with the Curnen family and I've lived as a daughter to them for a year. With my three brothers, a sister and parents I had more than a fantastic time.

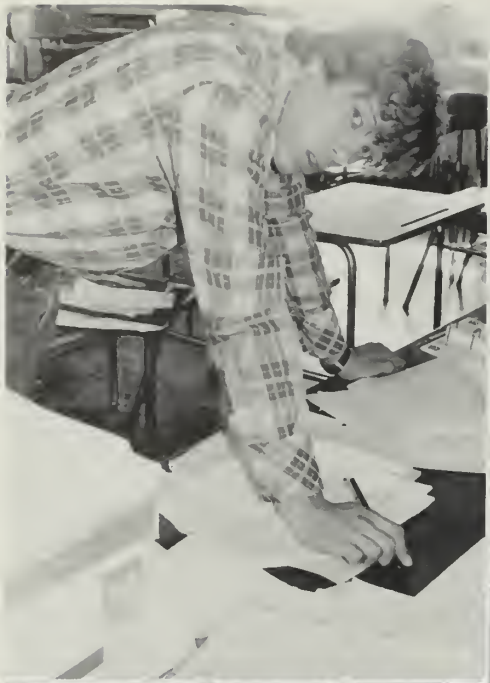

I started this year in August, spending three weeks in Nova Scotia, Canada with my new family. After this wonderful time I arrived at school. The first few weeks I was usually lost, but later I became used to the many students. I came from a school of 200 students so F.S.H.'s larger student body was pretty confusing. As the time passed I understood more and more English. I felt "at home" in this school and "everything became a piece of cake." I can't say I had many activities after school.

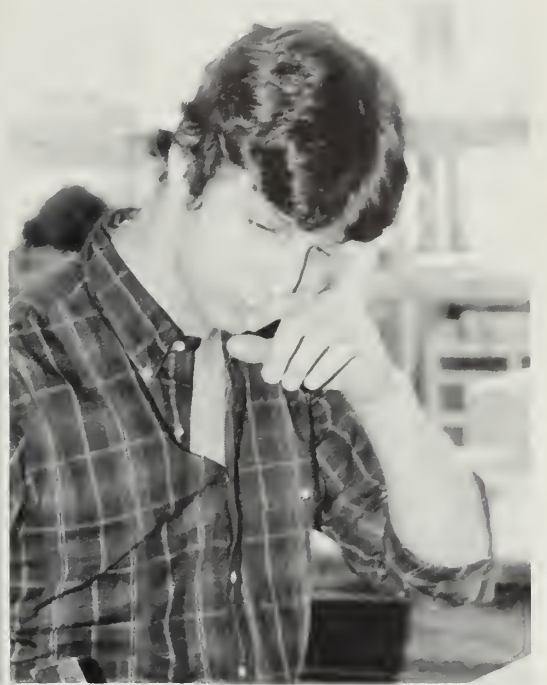

Regularly I had AFS weekends where I met my friends from all over the world. On these occasions I made new "American" friends. Cross country skiing was very exciting when there was enough snow for skiing. Also discovering Boston, New York and Los Angeles with their beautiful museums, streets and characters was exciting.

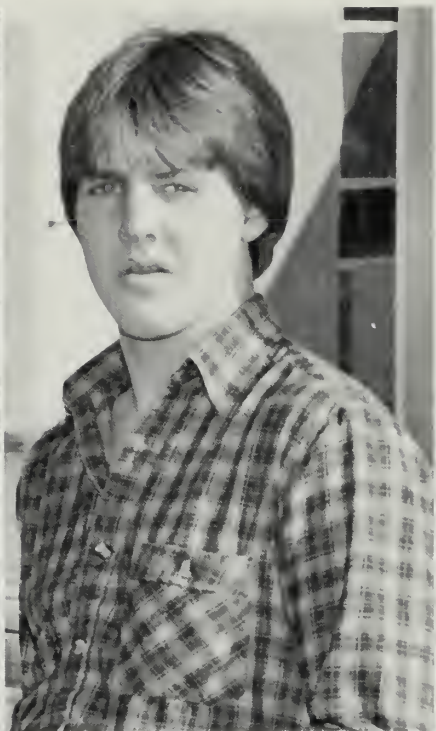

During the whole year there were more people who asked me what the biggest differences were and what the most impressive and valuable thing I learned from this experience. At this time I can't say what this year means to me because a lot of things have happened. It feels like I am in a dream. I think that when I go back to The Netherlands I will be able to relate better to this experience than I do now and I will be more conscious about what happened this year.

The last thing that I wish to express is that, if you have the opportunity to live for a year with a host family in a foreign country, don't refuse the offer, go for it!

This year's team had a rather disappointing season due to the loss of several players. However, the team showed tremendous improvement in the second half of the season. With such a large number of experienced players returning next year, Coach Alves looks forward to a better season. Karen Scagnelli and Kerry Cullen were the captains of the team, and Kim O'Brien was elected MVP.

First Row: (L to R): K. Hamilton, R. Rosenfield, K. Levenson, S. Marmer, A. Zeichner, A. Sullivan, R. Winer.

FOOTBALL

This year's football team lost many close games due to frequent injuries and the inexperience of both the players and the coaches. Despite their losing season, the Flyers showed great spirit and courage and always gave one-hundred per cent. Captains Brian De Flumeri and Gene Zanella displayed a great deal of leadership and talent both on and off the field. With many returning underclass starters, Coach Mark Iarussi looks forward to a better season next year.

VARBITY: (L to R): First Row: Coach Poh, Coach Gilman, D. Burke, B. Joiner, J. Whelan, M. Canal, E. Zanella (Capt.), B. DeFlumeri (Capt.), M. Pleahaw, A. Patti, T. Rinoldo, E. Although this year's team did not have a winning season, they displayed great determination and spirit in their games. Unfortunately their efforts were not rewarded due to inexperience and the lack of senior players. The team was ably led by captains Karen Noonan, Marcia Abelli and Eileen Garry. Karen Noonan was elected M.V.P. for the team, and Marcia Abelli was chosen to be the representative to the All-Star Team. With many skilled underclass players returning, Coach Catherine Walker hopes that they will once again become a powerhouse in the Bay State League.

The 1982 Cross Country Team lacked depth due to the small number of participants. However, Coach Ed Daniels has indicated that the future of the team looks good due to the experience gained by the underclassmen. Senior captain Marco Curnen helped to keep the team's spirits up throughout the season. Curnen was also voted MVP.

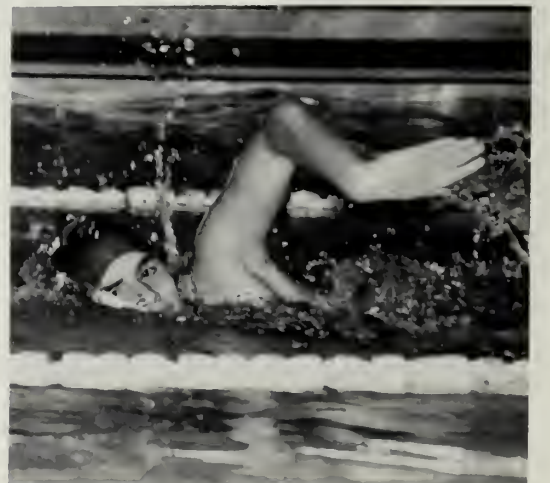

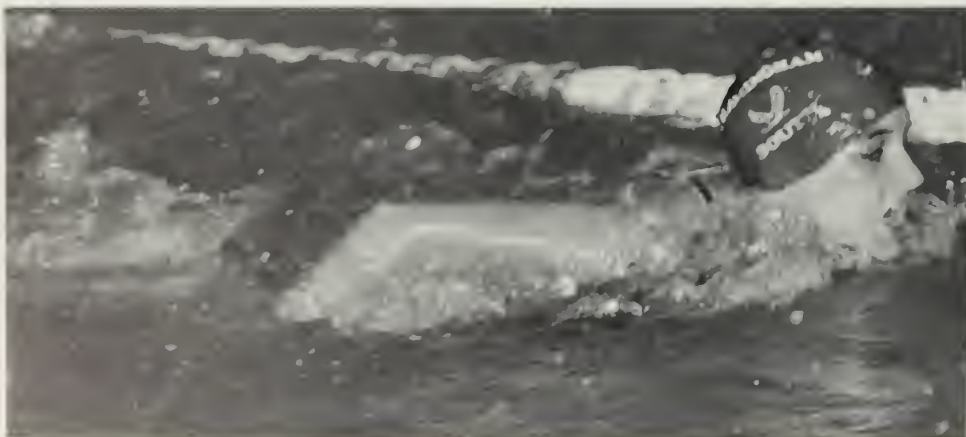

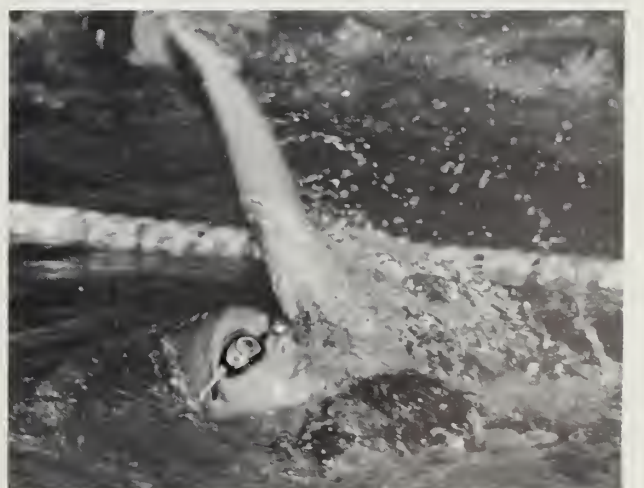

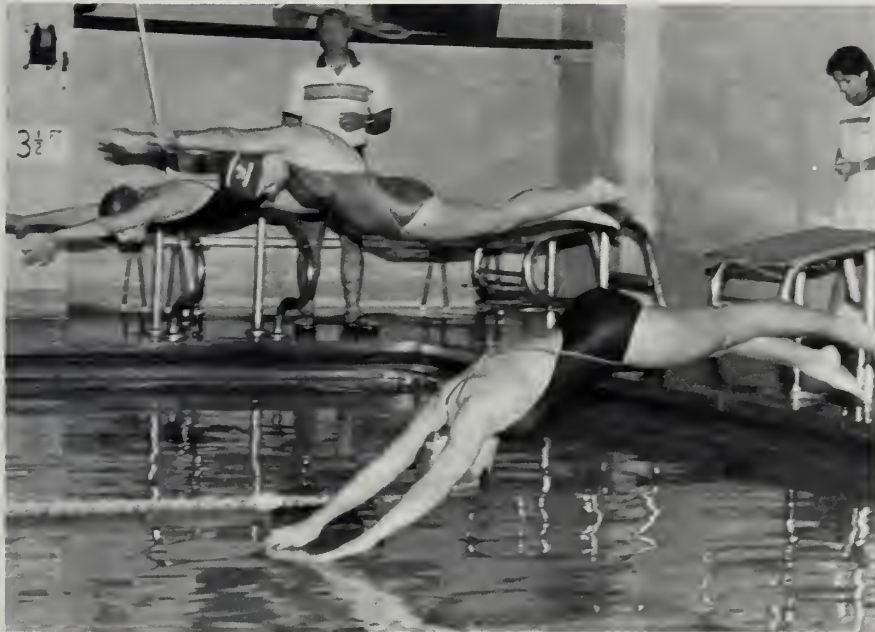

GIRLS SWIMMING

Led by captains Rise Fanger and Mindy Casavant, the swim team worked hard this year to earn fifth place in the Bay State League. Coach Ron Pereira expects a stronger team next year with such a large number of underclass swimmers returning. Rise Fanger was elected MVP for this year's team.

The Road Not Taken

Two roads diverged in a yellow wood,
 And sorry I could not travel both
 And be one traveler, long I stood
 And looked down one as far as I could
 To where it bent in the undergrowth;

Then took the other, as just as fair,
 And having perhaps the better claim,
 Because it was grassy and wanted wear;
 Though as for that passing there
 Had worn them really about the same,

And both that morning equally lay
 In leaves no step had trodden back.
 Oh, I kept the first for another day!
 Yet knowing how way leads on to way,
 I doubted if I should ever come back.

I shall be telling this with a sigh
 Somewhere ages and ages hence:
 Two roads diverged in a wood, and I —
 I took the one less traveled by
 And that has made the difference.

— Robert Frost
